Dear Arnel,

I wanted to take a moment and thank you for your exceptional work in creating the posters for the Substance Abuse Prevention Program.

I came across your work while attending a large conference last spring and was very impressed. I knew you would be able to create the look we were hoping to achieve in our posters; you far exceeded our expectations. You demonstrated your versatility when I asked you to create two sets of posters for two different populations. Your choice in design and images suited the targeted groups perfectly and eye catching to draw people in to see more. You accomplished the goal.

I would also like to thank you for being so flexible working around my schedule. I appreciate your professional opinion and your timely manner. I very much enjoyed working together on this project and hope to work with you again in the future.

Sincerely,

Ann Kokkeler, Program Coordinator
