

Willamette Family

Treatment Services for the Chemically Dependent

July 30, 2009

To Whom It May Concern:

This letter comes in support of Arnel Alarcon's application for employment as graphic designer. Willamette Family has contracted with Mr. Alarcon many times over the past three years and currently is contracting with him to develop a new website and branding materials for this agency.

Mr. Alarcon's work with Willamette Family has demonstrated a broad array of expertise and skill. He has designed exceptionally fine posters and publicity materials for fund raising events to support various programs offered by this agency. These posters ranged from a sophisticated design to playful character compositions, each reflecting the "mood" of the event. He created an effective Keynote presentation that was used during a workshop presentation by Willamette Family staff at last year's national Brain Development Conference in Eugene. He has assisted program staff in their development of display boards for the Great Rotary Duck Race, the Teen Program, as well as the Family Reunification Project. We have appreciated working with him and value his ability to be part of a team that often includes individuals with very different perspectives. He is successful in facilitating "common ground" and achieving a quality product through consensus.

I would also like to recognize that Mr. Alarcon did several projects for Willamette Family as a volunteer. He is very supportive of community projects and extends himself for causes that help the disadvantaged among us.

Please feel free to contact me if you have any questions.

Very truly yours,

Micki Knuckles
